Address

## All Proceeds from the tournament will go directly to the Tyson Wacker Memorial Scholarship fund.

Tyson Wacker was involved in a fatal vehicle accident on his way home from a workout at the gym in 2018. Tyson, just 16 years old at the time of the accident, was a junior at West Valley High School in Cottonwood, California. He was smart, outgoing, and had a heart of gold. Although he loved to joke and laugh at times, Tyson was serious about helping anyone in need whenever possible - a real gentle giant.

The Fund was formed in late 2018 after Tyson's passing and its' sole mission is to support student-athletes in the local community on their journey as they strive to achieve greatness, just as Tyson Wacker did. We want to honor Tyson's hard work, dedication, and spirit of giving by providing financial support to athletes in need in the name of Tyson Allen Wacker.

The Fund directly benefits athletic high school students of Northern California. Seniors who have completed at least one season, of any sport, at any time while in High School and who have maintained a 3.0 GPA will be eligible for Tyson's college scholarship. For more information please visit [www.t8w.org](http://www.t8w.org)
